Work
Caylin McCauley

You could work her, you could work there
Pick the job that is right, this or that
You could sew mats or take care of rats.
What is best for you is best.
If you sew you can make different designs.
When you take care of rats, well I can tell they are pretty fat.
You could cook with the directions out of a book
Or you could be a teacher.
So you don’t have to teach out of a book.
Or a cook, it’s good to make food
Everything is good.
Chose
What
You
Want.
